## EXPERIENCE AS A SOFTWARE DEVELOPER

I have spent the last six months working with different frameworks and programming languages such as HTML, CSS, JavaScript, Node.js, jQuery, Bootstrap, MySQL, MongoDB, Handlebars.js, Express, and React.js.

Many of my class assignments simulate real world applications in a light weight form. I have experience working in both front end development, and back end development. I also have experience working with collaborative repositories.

Application projects also included implementing Git, Model-View-Controller (MVC) patterns, Object-Oriented-Programming principles, CRUD routing, RESTful API calls, and MERN Stack.

## MOST RECENT WORK EXPERIENCE

### University Place School District, — Nutrition Services

October 2019 - Present

My responsibilities include, but are not limited to the following.

Making sure quality food items are accessible to all students within the University Place school district. Supervising other staff members and ensuring all kitchen employees are following the current recommended guidelines set forth by the CDC, and all HACCP protocols. Keeping accurate records of production sheets and making adjustments to daily procedures when necessary.

### Uptown Animal Hospital, — Veterinary Technician Assistant

July 2018 - January 2021

My responsibilities include, but were not limited to the following.

Taking a full assessment of the presenting patient. Accurately recording heart rate, respiration, weight, temperature, and capillary refill time.

## SKILLS

I am a problem solver who is able to learn quickly, then apply those new skills to applicable situations.

I can work in a team setting, or work independently.

I have a sense of urgency, and understand deadlines.

I am a person of integrity, and follow through with responsibilities.

## AWARDS

I graduated with an A grade point average in my software engineering class through University of Washington.

I am a published author for the number one best selling book, Chicken Soup for the Soul.

I received employee of the month multiple times while employed at Uptown Animal Hospital.

Taking detailed notes of the client's presenting concerns. Filling medications. Taking radiographs and sending images to a board certified radiologist. Placing IV catheters. Administering injectable medications and vaccines. Assisting in surgeries. Answering phones. Scheduling appointments. Handling account payments. Maintaining client relations.

**Marisa Hanna Dressage LLC, — *Horseback Riding Instructor / Equine Trainer***

September 2014 - July 2018

My responsibilities include, but were not limited to the following.

Maintaining all aspects of legally and ethically operating a Limited Liability Company in Washington state. Offering horseback riding instruction to clients. Training client's and my own personal horses under saddle, or on the ground.

**Costco Wholesale, — *Cashier/ Cashier's Assistant / Clothing Department***

May 2009 - October 2010

My responsibilities include, but were not limited to the following.

As a cashier and cashier's assistant, I was responsible for assisting my frontend team in completing member orders as they were being purchased through the registers. I was later transferred to merchandising and the clothing department. I was responsible for blocking down end caps and maintaining the clothing items available for member purchase.

**OTHER WORK EXPERIENCE**

I had worked multiple positions simultaneously for several years with the Morgan Family YMCA in Tacoma, Wa. I was also employed with Sea West Products Aerospace Manufacturing as a shipping clerk and delivery driver located in Kent, Wa.

I qualified for USDF Region 6 Dressage Championships on my self-trained horse.

## EDUCATION

### **University of Washington, Online — *Professional Certificate in Software Engineering***

January 2021 - July 2021

I recently earned my certificate in full stack web development. Now completed, I hold the equivalency of a Bachelor's Degree in software engineering.

### **Homeschool, At Home — *Highschool Diploma***

September 1994 - June 2000

I earned my basic education at home through the decision of my parents.
